In September of 1948, one hundred fifty-six sophomores entered P.H.S. ready to begin their three-year stay. For class officers they elected Charles Peterman, president; Letty Lemon, vice-president; Phyllis Wilson, secretary; and Gretchen Glick, treasurer. Gertrude Naccarato and Charles Booe were chosen cheerleaders.

Starting their junior year with only 129 members, this class elected Charles Bell, president; Winston Deacon, vice-president; Phyllis Lawson, secretary; and Gretchen Glick, treasurer. Once again Gertrude Naccarato and Charles Booe served as cheerleaders. In February of this year the class presented the three-act comedy, "You Can't Take It With You." Dan J. Tewell was the director.

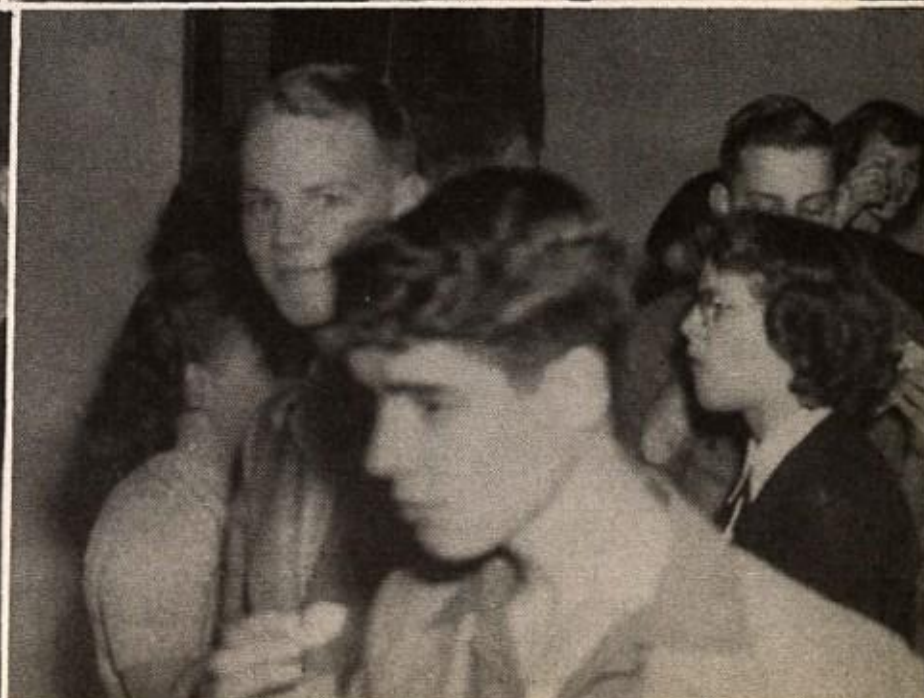

As seniors they numbered 113. Officers this year were Ted Montgomery, president; James McDaniel, vice-president; Marilyn Kazmierski, secretary; and Dorothy Case, treasurer. Gertrude Naccarato and Bob Schmidt were the Senior cheerleaders.

For their class play the Seniors presented, "Out of the Frying Pan." The play directed by Dan J. Tewell was presented on February 22 and 23, 1951.

Four members of the 1951 graduating class left school at the close of the first semester to join the Armed Forces. Among these were Ted Montgomery, class president. Bob Bell joined the Marines. Johnny Smith, the Air Force, and Rosella Herron, the WAC's.

On December 7, the Seniors held a Christmas dance in the Little Theatre. Senior Week, the climaxing event of the year, was crowded with the traditional banquet, play day, baccalaureate, and finally graduation.

The Senior Class sponsors were Mr. Jesse Sutton and Miss Mary Nelson.

Student Council

The STUDENT COUNCIL of the Pittsburg Senior High School is an active group of students chosen by the various home rooms. Its prime function is to work with the administration and the student body in building a better and finer school.

Some of the objectives sought and achieved are to furnish citizenship training, to give pupils an opportunity to participate in school activities, to promote better student-faculty relationships, to provide a forum for an expression of student opinion, to organize effectively for school activities, to improve attitude and behavior of students, to provide means for development of leadership qualities and to enjoy the opportunities given each member to share in the school service projects.

In the fall and again at mid-term the Council is divided into committees—Activities, Social, Courtesy and Publicity. Each group is given definite assignments throughout the semester. The Council officers are chosen in the fall by the entire student body in an all-school election. These serve throughout the year.

Pittsburg High School is proud of its Council and the fine work it is doing. It is one of the outstanding organizations on the campus.

The JUNIOR ACADEMY of SCIENCE is a volunteer organization composed of students who are interested in some special field of science. Any regularly enrolled student of the high school may become a member if he is willing to pursue to completion some special project in the field of biological or physical science.

From the membership a representative team is sent to the state convention to compete with other scientists over the state.

This organization is sponsored by the Senior Academy of Science whose membership includes scientists and teachers of science within the state of Kansas.

Pittsburg is now in possession of the silver loving cup which they have won for two consecutive years by taking first place honors in the General School Display at the state meeting. Delegates will go to the contests in Lawrence this year determined to win the cup for the third time in order that it may become the permanent property of this chapter. Winston Deacon is the state president.

The club is divided into three groups. A different group meets each Monday evening after school for dark room work, then on the fourth Monday the club meets in general session where topics of common interest are taken up.

The students receive much help from the Eastman Kodak Company by way of instructional slides and salon prints and from professional photographers who appear as guest speakers from time to time.

Contests are held throughout the year on subjects in keeping with the seasons. Prizes are awarded to the winners.

Vocational Printers

John E. White
Instructor

The VOCATIONAL PRINTING SHOP under the direction of the state board of vocational printing is one of the busiest departments of the school.

Boys here have instruction in all phases of printing, including typesetting, linotype operation, and press work.

The department prints all school supplies, prepares programs for school events, and advertises activities with attractive posters.

Three newspapers come off the press in this department. The Booster, senior high school paper, is published bi-weekly. The Inkspots of Lakeside Junior High School, and The Echo of Roosevelt Junior High School are published quarterly.

Assistants in the department through the year are practice teachers from the Industrial Arts classes at the College.

The SENIOR GIRL SCOUT troop of P.H.S. carries out a service program. The girls help with various civic activities and with Brownie and Intermediate Girl Scout troops. One of the interesting activities of this school year will be a camp trip to Roaring River State Park in May. Some of the Scouts will serve as program aids at Camp Nih-ka-gah, near Joplin, for the Pittsburg camping season this summer. Here they will assist the adult leaders with campcraft, outdoor cooking, nature, handicrafts, campfires and the waterfront activities.

Most of these girls are first class Scouts. Some have the Curved Bar, the highest award in Girl Scouting.

Cafeteria

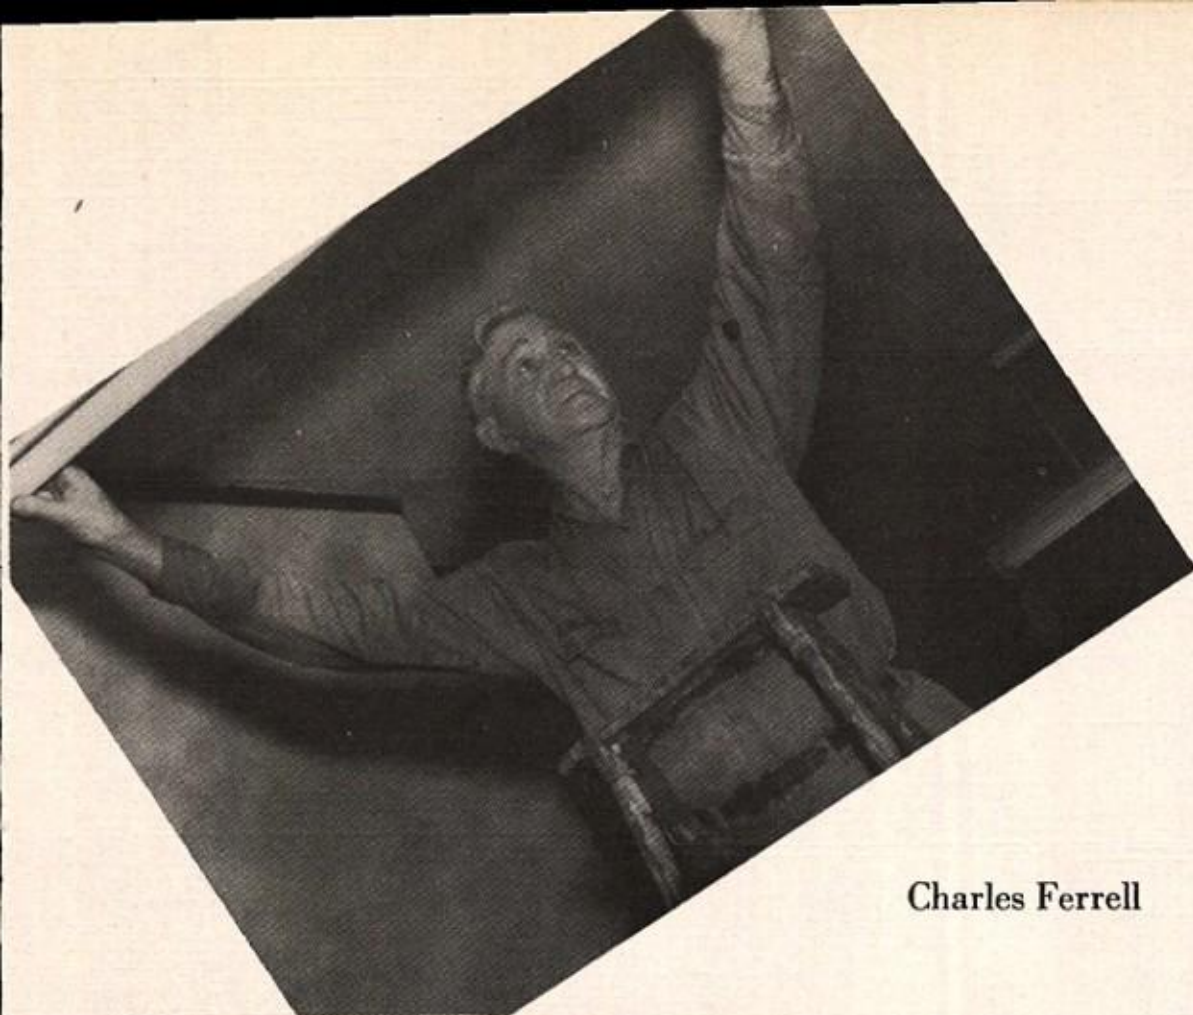

The SCHOOL CAFETERIA is a non-profit service department operated by the Board of Education. It is not subsidized by the Government and is staffed by a manager and two cooks, one for pastry and one for meat and vegetables. It furnishes employment for eleven students who work at the noon hour. They have thirty minutes for their meals.

The menus are planned so a balanced meal can be selected at a cost of thirty-five cents. The average monthly attendance is something over 2,000 persons and the meals average approximately thirty cents. The equipment is used by the different school groups who entertain and want to serve meals or refreshments in the evenings.

"B" Squad

The DRAGON B-TEAM played the heaviest schedule in its history this season, playing eight contests—winning six and losing two.

The B-teamers are all underclassmen and do a workmanlike job on the gridiron. They were one of the best defensive B-teams ever to be produced from P.H.S. The size of the team in weight was a big factor in the team's success.

Much is expected of the team in the coming season by the coaches, Mr. Rohde, Mr. Miller, and Mr. Morey.
